COURSE NUMBER	COURSE NAME/ CATEGORY	COURSE DESCRIPTION	APPROVAL DATE	CONTACT HOURS
CE-1011-001	PLUMBING 101 (STANDARD OF PRACTICE)	Plumbing 101 focuses on the inspection of plumbing systems that were installed approximately 80 years ago up until the present. As an introductory basic level course, attendees should be able to identify and communicate about what is expected of them in regards to inspecting plumbing systems. (INSTRUCTOR: <b>Andy Kasznay</b> )	11/20/07	2
CE-1011-002	CIRCLE THE WAGONS: LINKING REPORT, INSPECTION AND CONTRACT (STANDARD OF PRACTICE)	Attendees should be able to explain both contract concepts and how the inspection contract defines and limits the inspection. This session should allow home inspectors to comprehend the necessity of keeping the physical inspection and the written contract consistent with each other. (INSTRUCTOR: <b>Kevin O'Hornett</b> )	11/20/07	2
CE-1011-003	AIR CONDITIONING AND HEAT PUMPS: KEEPING IT SIMPLE (STANDARD OF PRACTICE)	Achieve a functional understanding of a home air conditioning and heat pumps systems. The inspector will be able to identify and describe the components of the systems. To be able to communicate to a home owner in straight forward terms how the systems work. (INSTRUCTOR: <b>Jay DeWolf</b> )	11/20/07	2
CE-1011-004	IDENTIFYING ELECTRICAL DEFECTS (STANDARD OF PRACTICE)	The goal of this session is to focus on the electrical defects that home inspectors may encounter. Attendees will learn to identify the defects and how to describe such defects in the report. (INSTRUCTOR: <b>Harris Breit and Bryck Guibor</b> )	11/20/07	2
CE-1011-005	THE BODY LANGUAGE OF A HOUSE STRUCTURE (STANDARD OF PRACTICE)	We will go through procedures and techniques to find and identify the house structural deficiencies. Periodically, we present to the students photos of house deficiencies and ask them to voice what they think is going on. These slides have a "twist" from what we have been discussing to challenge them, and keep them focused. (INSTRUCTOR: <b>Drew Finn</b> )	11/20/07	2
CE-1011-006	ROOFING: PART I (STANDARD OF PRACTICE)	The goals of this session are to learn how to identify a roofing defect, how to describe the defect and what to say in your report. The focus of this course is to combine understanding the defects with the wording of the report. (INSTRUCTOR: <b>Gerry Aubrey</b> )	11/20/07	2
